Water Line Connection

Pex Pipe → *1/2" PEX x 1/2" MPT Adapter
 Washing machine box → *3/4" Hose x 1/2" MPT Adapter

OR

Electrical Connection

This steam shower requires two dedicated 120V GFCI circuits. One 120v 20A, using #12/2 wire for steam, and one 120v 15A, using #14/2 wire for massage tub. The shower should be hardwired to the panel using 4" x 4" junction boxes installed at the approximate locations shown.

Flexible Drain Hose Connection

*(Connections not supplied)
